FOR IMMEDIATE RELEASE

## **AEI OPENS A NEW OFFICE IN NORTHERN CALIFORNIA**

The Sacramento office ensures that AEI continues to maintain its significant presence and regional focus to customers throughout the Central Valley

SACRAMENTO, CALIF., Oct. 19th, 2011 - AEI Consultants, an industry leader in environmental and engineering services since 1992, is pleased to announce the opening of a new office location in Sacramento, CA as part of national expansion. AEI conducts hundreds of real estate due diligence and property remediation projects annually in the northern California region alone. AEI's headquarters is located in Walnut Creek, with other Northern California offices located in San Jose and Santa Cruz.

"We're pleased to become part of the Sacramento business community, and continue to grow our presence in Northern California. We look forward to building additional connections with the commercial real estate community by adding this location in the state capitol," said president of AEI Consultants, Holly Neber.

Staff in Sacramento includes Charles Metzinger, Registered Environmental Assessor (REA) with over 20 years of environmental consulting experience and William Horner, REA and Licensed Asbestos Consultant, with over 20 years in environmental and engineering consulting and construction management services. AEI's newest office is located at 1900 Point West Way, Suite 142 and can be reached by phone at 916.333.4568.

### **About AEI Consultants**

AEI is a national environmental and engineering consulting firm with office locations nationwide. AEI's consulting services include environmental and engineering due diligence investigations including assessments for commercial lenders, purchasers, and Small Business Administration, Fannie Mae, Freddie Mac and HUD financing. In addition, AEI conducts subsurface investigations and remediation of contaminated sites such as leaking underground storage tank sites and dry cleaning facilities.
