FOR IMMEDIATE RELEASE

AEI President named to the Board of Directors of Commercial Real Estate Women (CREW), East Bay

Holly Neber recently took on the role of Director of Communications

WALNUT CREEK, CALIF. – March, 4 2011 - AEI Consultants, an industry leader in environmental and engineering services, is pleased to announce AEI president, Holly Neber, has been named the Director of Communications on the Board of Directors of Commercial Real Estate Women (CREW), East Bay Chapter.

Ms. Neber has 15 years of experience with environmental consulting associated with commercial real estate. She is responsible for managing day-to-day operations at AEI as well as ensuring the consistency and quality of due diligence service delivery to clients on a national basis.

“East Bay CREW has been a great connection with the commercial real estate community in our region, and I am proud to serve on the Board of this growing organization. In particular, the outreach activities to young people pursuing careers in commercial real estate and my connections with the inspiring professional women in this group have been a huge benefit of joining East Bay CREW,” said Ms. Neber.

About CREW

CREW Network is the industry’s leading advocate for the success of women in commercial real estate. CREW looks outward to bring more women into the industry and its members represent all disciplines of commercial real estate. CREW is comprised of 8,000 commercial real estate professionals in 73 chapters across North America.

About AEI Consultants

AEI is a national environmental and engineering consulting firm with office locations nationwide. AEI’s consulting services include environmental and engineering due diligence investigations including assessments for commercial lenders, purchasers, and Small Business Administration, Fannie Mae, Freddie Mac and HUD financing. In addition, AEI conducts subsurface investigations and remediation of contaminated sites such as leaking underground storage tank sites and dry cleaning facilities.
